PROFESSIONAL PROFILE

I am a Robotics and Automation Engineering student at Visvesvaraya Technological University with a strong interest in artificial intelligence and software development. I have hands-on experience in Python, machine learning, and natural language processing, and have developed AI-based projects such as a Resume Analyzer. I am skilled in problem-solving and data analysis, with the ability to quickly adapt to new technologies. I am eager to apply my knowledge and contribute to innovative projects in AI, automation, and software development.

WORK EXPERIENCE

AI Intern – Glow Logics

Duration: 6 Months

- Developed AI-based applications using Python and Machine Learning techniques
- Worked on real-world AI projects such as Bank Fraud Detection, Dynamic Pricing Engine, and AI-powered PDF Chatbot
- Designed and implemented a Resume Analyzer using Natural Language Processing (NLP)
- Improved model performance through data preprocessing, feature engineering, and hyperparameter tuning
- Created a personal portfolio website to showcase AI projects and technical skills
- Deployed applications using Streamlit for real-time interaction
- Performed data cleaning, feature extraction, and model evaluation
- Collaborated in a team environment to build scalable AI solutions

SKILLS

Languages: English (Fluent), Kannada (Fluent), Hindi (Fluent)

Technical Skills: Python, Java, C/C++, Machine Learning, NLP, Data Structures

Web Technologies: HTML, CSS, React

Tools: GitHub, VS Code, Streamlit, Fusion360, CAD

PROJECTS

- Hybrid Quadruped Robot with Wheeled Locomotion
- Cartesian Coordinate Robot
- AI Resume Analyzer
- Bank Fraud Detection System
- Dynamic Pricing System
- Ask My PDF Bot (RAG Chatbot)

EDUCATION

B.E. in Robotics And Automation

Visvesvaraya Technological University

08/2020–06/2026

Pre-University Course (PCMB)

Govindram Seksaria Science Pre University College (GSS)

08/2020 – 06/2022
